

Our Rich History

Established in 1868, we are the oldest chamber in the State of New Jersey and the third largest. Our focus is Central New Jersey; north to Lambertville, south to Mt. Laurel, west to Bucks County, east to Freehold and beyond.

What We Do

We advocate, build relationships, and promote economic growth opportunities for businesses.

A ***Advocacy***- We represent business by taking position on a broad range of federal, state and local issues through lobbying, education, assistance and partnerships.

R ***Relationship Building***- Through strong leadership, we provide an atmosphere for the business community to connect and collaborate through networking, mentoring and forums.

E ***Economic Growth***- We serve as the liaison among business, government, financial institutions and investors to utilize education, workforce development, arts, entertainment and tourism to promote and sustain economic growth in Central New Jersey.
